**PANGUIL BAY BRIDGE | UPDATE**

**Former DPWH Sec. Villar Highlights Accomplishments of PBB Construction**

Photo taken during Sen. Mark Villar’s visit on the PBBP Construction site

June 12, 2023, Tangub City – Former DPWH Secretary, Senator Mark Villar visits the PBBP construction site to assess the progress and highlight accomplishments made while he was in service.

When Mark A. Villar took the helm of the Department of Public Works and Highways (DPWH), the government launched the Build, Build, Build program. It is by far the biggest, boldest, and most ambitious step taken by the Philippine government to ramp up infrastructure in the country. Part of its inter-island linkage and mega bridge program is the Panguil Bay Bridge. It is a 3.169-kilometer bridge that will connect the city of Tangub in Misamis Occidental to the municipality of Tubod in Lanao del Norte.

During his visit, Senator Villar carried out a thorough ocular inspection of the ongoing PBBP (Panguil Bay Bridge Project) construction in an effort to highlight the tangible outcomes of his time serving as the DPWH Secretary under the administration of former President Rodrigo Roa Duterte. In hindsight, the Panguil Bay Bridge ranks as one of his most significant initiatives, adding to his legacy as the forefront of the Philippines’ infrastructure development.

From the groundbreaking on November 28, 2018, up until today when the bridge is nearing completion, his support never ceases. Now, as he walked through the site, the senator pointed out various structures and improvements, explaining their significance and the benefits they would bring to local communities, especially the residents of Lanao Del Norte and Misamis Occidental. Once the bridge is completed, it will only take seven minutes to reach Tubod Municipality in Lanao Del Norte from Tangub City in Misamis Occidental using the bridge, compared to the 2.5 hours it would take via the 100-km route

Tangub-Molave-Tubod Road or via Tangub-Kapatagan-Tubod Road.

Senator Villar was also able to meet with the project’s engineers and construction employees during the ocular inspection. He complimented their devotion and hard work, recognizing their significant contributions to the achievement of the PBBP’s objectives.

Speaking to the media present, Senator Villar expressed his gratitude for the trust and support given to him during his tenure as DPWH Secretary. He highlighted the immense progress made in infrastructure development during the Duterte administration and reiterated his commitment to continue championing projects that would further enhance the nation’s infrastructure network in support of President Ferdinand Marcos Jr.’s Build Better More (BBM) program.

The Build Better More is an infrastructure program that targets to expand the previous administration’s Build, Build, Build (BBB) program. This infrastructure program seeks to address the inadequacies of the country’s infrastructure which hinders national development.

## Sakit nga Piskat, Gipasabot sa Doktor sa CHO

TANGUB CITY - Gibantayan karon sa City Health Office (CHO) ang mga kaso sa sakit nga conjunctivitis o sore eyes, nga nailhan usab sa lokal nga termino nga "Piskat". Kini nga sakit nagresulta sa paghubag sa mga tisyu sa eyelid, nga nagdala og pink o pula nga kolor sa puti nga bahin sa mata. Kini mahitabo tungod sa mga allergens, bacteria, o virus.

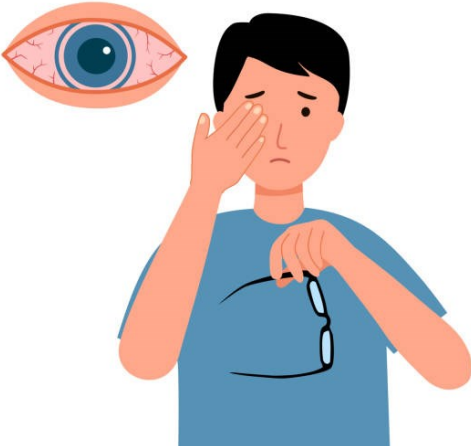

Photo Courtesy: iStock

Sa pakighinabi kang Doktor Noriel Apao kaniadtong Hunyo 6, 2023, gisaysay niya nga ang sakit nga Piskat usa ka panginahanglanong isyu sa kasamtangang panahon. Matud niya, adunay pipila nga kaso ang natala sa City Health Office ug daghan na usab ang nagpakonsulta kaniya bahin niini. Giila niya ang Piskat isip usa ka seasonal nga sakit nga uso matag ting-init o summer.

Iyang gisugyot nga malikayan ang pagkalap sa sakit nga piskat pinaagi sa maayong paghugas sa mga kamot, paglikay sa paghikap sa mata, ug pagpalayo sa mga tawo nga adunay Piskat.

Ang City Health Office nagpadayon sa pagmonitor sa mga kaso sa Piskat sa dakbayan, ug nagtunol og kahibalo ug pagtagad sa mga residente aron ma-implementar ang mga kinahanglanong paningkamot sa paglikay sa pagkuyanap sa sakit. Kinahanglan ang kooperasyon sa tanan aron maprotektahan ang kaluwasan sa panglawas sa komunidad. ##

# Dream Lives Despite Difficulties

## The Story of Rosalyn Alforque

Photo Courtesy: Mayor Ben Canama Fb Page

**D**espite the personal difficulties that could snuff her dreams and aspirations, Rosalyn Alforque's inspiring story speaks of triumph over adversity.

Born as a normal child, fate dealt Rosalyn a heavy hand when she contracted polio at a young age that caused her with walking difficulties.

However, this setback did not keep her from her dreams of finishing college. At nine years old, Rosalyn went with her younger sibling and bravely enrolled herself despite her physical limitations.

Rosalyn arduously faced the first years of school. Being a child with a disability, she became a target

for bullies in elementary school. But she remained determined and did not let these bullies dampen her spirit.

Rosalyn continued her studies until senior high. Upon completing her secondary education, Rosalyn found herself at a crossroads. She took on the physical constraints of college life. Climbing up and down the stairs was physically exhausting. Yet, her determination to learn prevailed, and she pressed on, and enrolled in college despite her difficulties.

She persevered and excelled in college; she eventually graduated with Academic Distinction in a 4-year degree in Office Administration from the Governor Alfonso D. Tan College (GADTC).

In a turn of events, Rosalyn's perseverance caught the attention of Mayor Ben during the GADTC graduation ceremony on July 28, the same year. The mayor recognized her achievements and determination despite her circumstances. He awarded her with financial assistance and, even more importantly, offered her a job in the GADTC – Alumni Affairs Office.

Overwhelmed by emotion, Rosalyn stepped into the Alumni Affairs Office as she begins to be a part of the work force. The recognition and support from her community, especially Mayor Ben, made her realize that her efforts were recognized. Filled with gratitude and renewed purpose, she set out to contribute her skills to the community that had supported her throughout her journey.

However, her inspiring tale does not end there. Days later, Governor Henry Oaminal also acknowledged Rosalyn's remarkable journey. He commended Rosalyn for becoming a role model to others. He presented her with a Php 10,000 cash award, and acknowledged her as an inspiration to all who face disability.

Rosalyn Alforque's journey serves as a reminder that challenges can be overcome with determination and faith. Her triumph over adversity has ignited hope in the hearts of many, empowering them to embrace education and rise above their struggles.

As Rosalyn continues to shine as a ray of hope in Tangub, her story resonates far beyond the boundaries of her hometown, inspiring others that "disability is not a hindrance to succeed." ##
